Hope starts here.

EHE FOUNDATION

The leading global research and advocacy organization dedicated to **epithelioid hemangioendothelioma (EHE)** an ultra-rare vascular sarcoma.

$3M+

Invested into basic and translational EHE research.

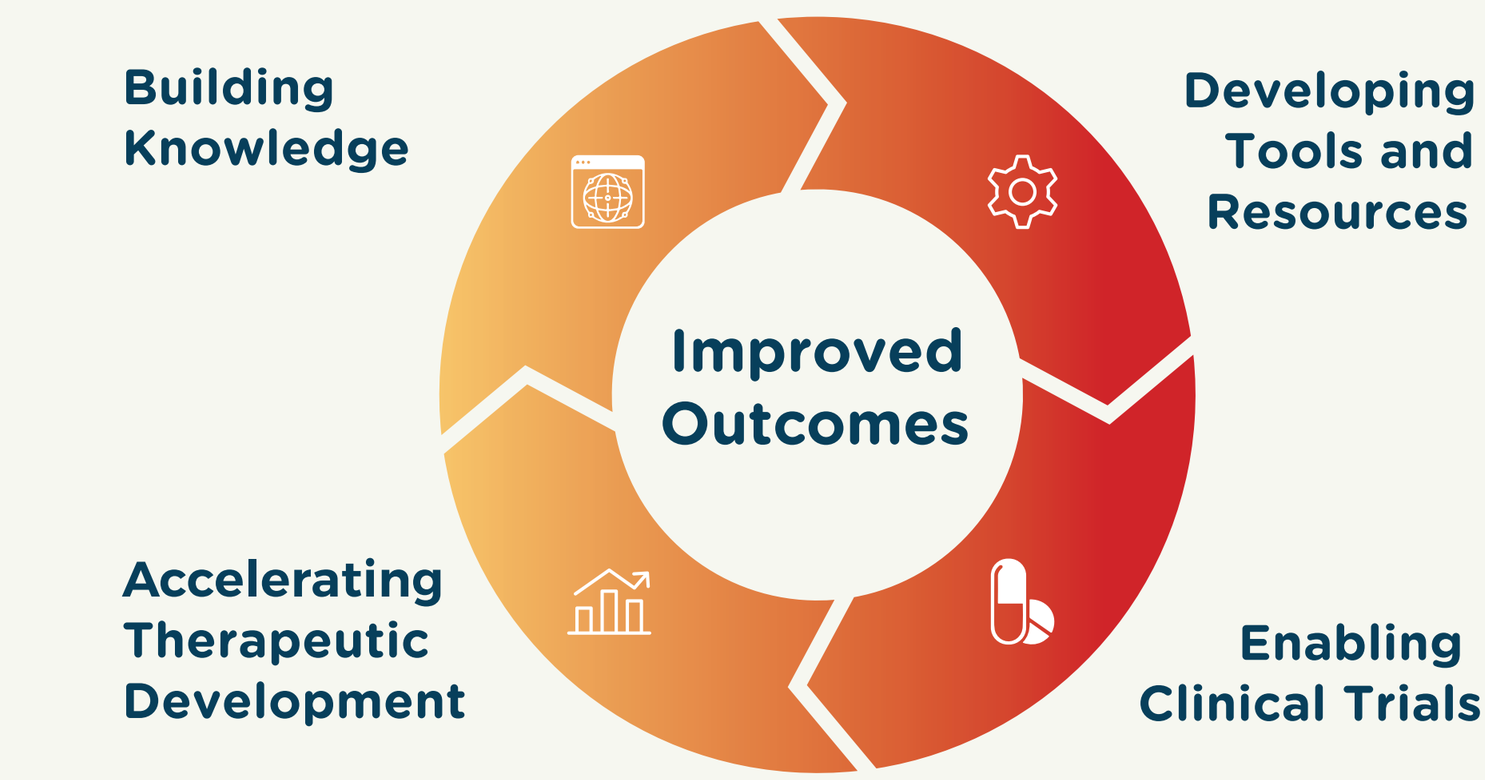

23 Grants

Awarded globally for impactful research in world-class institutions.

1065+ Patients

From **31 countries** engaged with support, education, and research opportunities.

EHE Foundation is gathering evidence and taking action, centering the patient's voice in research, education, and drug development.

EHE Foundation is grateful for the dedication of its Board of Directors, Scientific & Medical Advisory Board, and for the people living with EHE, who have generously participated in EHE research.
