Feliciana Mshanga Memorial Cancer Foundation

"Empowering Lives, Honouring Hope"

WHO WE ARE

The Feliciana Mshanga Memorial Cancer Foundation is a Tanzanian patient advocacy organization dedicated to improving cancer outcomes through:

✓ Patient support
✓ Research and advocacy
✓ Screening and early detection
✓ Vaccination initiatives
✓ Community awareness
✓ Survivorship support

OUR CHALLENGE

For many people living with sarcoma, access to treatment involves more than medical care.

Patients often face:
🚐 Long travel distances
💰 Transportation costs
🏠 Accommodation challenges
🧭 Difficult healthcare navigation & Emotional support

These barriers can delay diagnosis, treatment, and follow-up care.

SAFARI YA TUMAINI
No One Left Behind
Every Kilometer Counts

SAFARI YA TUMAINI INITIATIVE

(A Journey Of Hope Initiative)

OUR RESPONSE

A patient-support initiative designed to help people affected by sarcoma and other cancers overcome practical barriers to accessing essential care.

- **Transport Support**
  Helping patients reach specialized cancer services.
- **Patient Navigation**
  Providing information, referrals, and guidance.
- **Temporary Accommodation**
  Supporting patients and caregivers away from home.
- **Psychosocial Support**
  Providing emotional and peer support.
- **Continuity of Care**
  Helping patients remain connected to treatment and follow-up.
- **Basic Patient Support**
  Supporting essential needs when resources allow.
