

# SARCOMA COALITION

We are here for you.

**ADVOCACY | COLLABORATION | ENGAGEMENT**

**The SARCOMA COALITION is a patient advocacy network of sarcoma foundations across the United States, Canada, Europe, and Asia Pacific.**

**The Coalition works to:**

- **Strengthen collaboration among sarcoma advocacy organizations to address shared challenges and unmet needs across all sarcoma subtypes.**
- **Improve the patient and caregiver experience—from diagnosis through treatment—in both standard care and clinical trials.**
- **Develop annual collaborative projects and practical resources that deliver measurable impact for the sarcoma community in emerging research and drug-repurposing initiatives.**
- **Bring patient perspectives into clinical trial concepts and design through the SARC Research Advocacy Council.**
- **Build partnerships with the research and cancer communities, including SARC, NCCN, Cancer Nation, SPAGN, NORD, Haystack Project, SFA, and FDA.**
- **Expand and amplify information, resources, and programs that advocates can share with patients and families.**
