Improving outcomes for people diagnosed with sarcoma

The Sarcoma Foundation of America (SFA) works globally to improve outcomes for people diagnosed with sarcoma and increase the number of survivors by funding and advancing research, providing education and resources, and advocating for the sarcoma community.

OUR WORK CONNECTS PEOPLE, EVIDENCE, AND ACTION

ADVANCE RESEARCH

SFA awards research grants to support projects aimed at improving sarcoma diagnosis and treatment.

EDUCATE & CONNECT

Our Physician-Patient Discussion Guide and sessions with sarcoma experts help patients and care partners learn and connect.

SUPPORT TRIAL ACCESS

We provide patient resources, clinical trial information, and assistance with eligible costs of trial participation.

AMPLIFY PATIENT VOICES

We raise sarcoma awareness and bring patient perspectives into research and advocacy for policy change.
