## What is your connection to sarcoma or your sarcoma story?

Witnessing my family's struggles with cancer has deeply inspired my commitment to supporting others navigating similar paths. Currently, as my cousin battles recurrent Sarcoma, I am reminded of the unique isolation that often accompanies rare diagnoses. My goal is to bridge that gap by creating a dedicated space where patients and families feel seen, heard, and empowered. Through community and shared experience, I hope to ensure that no one has to face the challenges of Sarcoma alone.

## What's most important to know about your organization?

We are the oldest sarcoma organization still in existence, which speaks to our enduring commitment to the Sarcoma community in the Pacific Northwest region of the United States. We provide unique programming that supports the patient, family, and community's various needs during their journey with sarcoma.
