

SPAGN Conference Participant Profile

Name: Florian Cyril Mshanga

Organisation: Feliciana Mshanga Memorial Cancer Foundation

Role / Stakeholder Type: Patient Advocate

Country: Tanzania

What is your connection to sarcoma or your sarcoma story?

My connection to cancer advocacy is deeply personal, rooted in the loss of a loved one to cancer, which inspired me to take action. While my work spans multiple cancers, I am committed to strengthening awareness, early detection, and patient support systems, including for rare cancers like sarcoma.

What's most important to know about your organization?

Feliciana Mshanga Memorial Cancer Foundation (FMMCF) empowers communities with knowledge, resources, and support to prevent, detect, and combat cancer. We advance research, innovation, patient support, advocacy, and integrated care solutions to ensure timely access and better outcomes for all Tanzanians

What are you most interested in collaborating on?

Research, Awareness, Access, Policy, Partnerships, Innovation, Patient Support, Resource mobilization

Your role in the organisation and main areas of involvement:

Executive Director
