

SPAGN Conference Participant Profile

Name: Per Alvers

Organisation: Sarkomföreningen

Role / Stakeholder Type: Patient Advocate

Country: Sweden

What is your connection to sarcoma or your sarcoma story?

Our daughter was diagnosed with osteosarcoma in June 2020. After three years of continuous treatment she passed away end of July 2023, only 21 years old. During the period we battled the disease we got support from Sarkomföreningen (Swedish Sarcoma Patient Advocacy Association) and I wanted to contribute to improving likelihood for future patients to get well.

What's most important to know about your organization?

It's all voluntary work and we hope to make a difference to those who are affected by Sarcoma.

What are you most interested in collaborating on?

Research, Awareness, Patient Support

Your role in the organisation and main areas of involvement:

Chairman of the board.

How can others best connect with you after the conference?

Email or LinkedIn

One fun fact about you or something you are proud of:

Sold a very old boat 15 years ago and now bought it back. It's a great boat.
