What is your connection to sarcoma or your sarcoma story?

I am a sarcoma patient. I volunteer in the cancer organizations in Finland. I am a board member of the Cancer Patients Finland. I also work as an expert by experiences, in welfare areas.

What's most important to know about your organization?

The Association of Cancer Patients in Finland promotes the interests of cancer patients. The aim of the Association is to safeguard the best possible support for cancer patients and their loved ones during treatment and rehabilitation, as well as reduce the adverse effects in society caused by cancer diseases. The Association is active in-patient advocacy and involved in national HTA processes. The Association produces reliable information about cancer diseases and their treatment, as well as maintaining a comprehensive selection of patient guides. The Association is a member of the Cancer Association of Finland and part of the Cancer Society of Finland. Cancer Patients Finland has long been actively involved in the activities of international patient organizations. Both the association's activists and staff participate in conferences, seminars and other activities of both European and global cancer patient organizations. We are members of several international organizations.
