## What is your connection to sarcoma or your sarcoma story?

For over 32 years, V Care Foundation has been supporting cancer patients and their families across all cancer types, including sarcoma. Our connection to sarcoma is deeply rooted in the journeys of the patients we serve—individuals and families navigating a rare and often complex diagnosis. Through our support group ‘Spandan,’ we bring together patients, caregivers, and healthcare professionals to create a compassionate community that offers shared experiences, emotional strength, and practical guidance throughout the treatment journey.

## What's most important to know about your organization?

Our organization stands out for its exceptional responsiveness, with a consistently high response rate that ensures patients and caregivers receive timely guidance and support when they need it most.
